DISCLAIMER

LOGISTICS

This kit requires us to pull a 6'x10' enclosed trailer. Please be aware that we will need a little more room than normal for load in and load out!

We understand that these carts will not be a good fit for on location productions when needing craft services inside a space with stairs, tight turns, or poor load in/out space. With that being said, in the event our carts are not a good fit, our **table and totes craft services kit** is available for rental.

SEE PAGES 7-9 FOR PRICING & DETAILS.
